

“Believe in Tomorrow”

The 2012 Stewardship Program will launch this September 18th with a guest preacher for Inspiration Sunday. “Believe in Tomorrow” is about our belief in Jesus Christ and God’s plan for finding true success in life. Proverbs 14:22 says it this way “Those who plan what is good find love and Faithfulness.”

The scriptures give us words to live by; words that form the foundation of our relationship with God and every relationship we have in life. Words like Hope, Fairness, Charity, Gratitude, Graciousness, Selflessness, Service, Courage – these are but some of the words that help us live a fulfilling, meaningful, and enriching life.

Do you have a plan for making these words a bigger part of your life? Do you have a plan for participating and giving that shows your true response to God’s love? These will be some of the Stewardship themes we will explore in more depth in the coming weeks, and we hope that the program touches you and is a truly meaningful experience in your Christian life.
